### Location & surrounding area:

Porto Petro is a small village on the southeast coast of Majorca with a pleasant natural harbour. The place and its surrounding are dominated by private residences of every size, generally rented to holiday makers. Among the inhabitants you can find residents in the coffee shops and restaurants who watch the hustle and bustle. During the summer season you often find the sailing ships and little boats ride at anchor, ready to pass the night here. In the afternoon and early evening when the sun goes down, the bay seems like a beautiful postcard idyll.
