Location & surrounding area:

Los Gigantes, Puerto de Santiago and Playa de la Arena are districts of the municipality of Santiago del Teide, located at the west coast of Tenerife. The place is known for its nearby huge cliffs named "Acantilados de los Gigantes", that provide its visitors by land and by sea a spectacular sight. The rocks fall at this point nearly vertically up to 638 meters into the sea.

By land you can reach this sought after villages on the coast road TF 47. Above the coast of Los Gigantes, near Tamaimo, are nice fincas, which combine a quiet situation with only few minutes drive to beach and coast line. From the village you can reach the rock walls by foot to a small plateau, from which it offers the visitor a breathtaking view over the cliffs. In the village, there is next to the small harbor also a small beach: the 200 meter long black and sandy "Playa de los Guíos", surrounded by several bars, souvenir shops and restaurants.

Another way to see the cliffs and get an even more spectacular impression of the cliff, is made from the sea. Several local companies offer boat trips on sailing, motor boats and catamarans to Los Gigantes. These tours are often combined with the observation of dolphins and pilot whales, which live just off the coast. A good starting point for those tours, for example, is the port of Los Cristianos.
