Details:

Scandinavian designer villa with 4 bedrooms right at the golf course, very well located between Marbella and Estepona town.

On the upper level the villa offers 3 beautifully designed bedrooms, each with its own bathroom en suite.

The master suite is spacious, features a dressing area and is separated to the bathroom by a glass wall. Thanks to the extensive use of glass, natural light floods into both of these rooms and the best possible views can be enjoyed. Also the other bedrooms and bathrooms have been designed with care and every last detail, including under floor heating and air conditioning.

The unique living spaces can be personalized by each owner to suit their lifestyle and individual requirements. An open air bbq and dining area, a chill out area or jacuzzi are only few of the possibilities to enjoy the view during the day or to admire the stars at night.

The solarium of 91,90 sqm. on the top of the villa will enjoy 360° panoramic sea and golf views with a backdrop of the Marbella mountain range.
