Details:

This wonderful, newly-built finca stands on a plot of approx. 16,886 sqm between Campos and Santanyi, and offers a mature tree population, ample privacy, and impressive views as far as the Tramuntana mountains. During its construction only the highest-quality materials were used, with the aim of providing maximum comfort. Due to the convenient location various shopping facilities and sandy bays are within easy reach.

A beautiful driveway lined with almond trees leads directly to the property, which immediately impresses with its traditional natural-stone facade.

On the ground floor the impressive entrance hall greets with its 6 metre-high ceiling. Modern fittings combined with Mallorcan architecture and typical island elements to create a warm and timeless character. The pleasant living/dining area with adjoining fireplace room and adjacent, fully-equipped kitchen is flooded with natural light, with wooden ceiling beams and natural stone-clad walls bestow a special ambience upon the rooms. Large sliding glass doors in the living area create an almost seamless transition to the terrace, and there is a separate guest area with a bedroom with en-suite bathroom offering ample privacy.

On the upper floor there are 2 further bedrooms, each with an en suite bathroom, and the spacious master suite. All bedrooms have direct access to a terrace offering beautiful views.

The external area of the finca impresses with its beautiful old trees, and houses the approx. 70 sqm infinity pool with sun terrace and adjoining covered barbecue area.

Further high-quality features include air conditioning, underfloor heating, a heat pump and a 10kw photovoltaic system.

Truly a beautiful oasis of tranquillity offering great exclusivity and maximum comfort!
