Details:

A family-friendly semi-detached house in a desirable residential area with development potential.

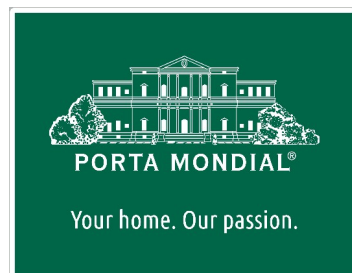

From the kitchen and 2 of the bedrooms there is a wonderful view as far as the bay of Palma de Mallorca. The living room and the other 2 bedrooms present a view of the beautiful, green Mediterranean front garden. Each of the 4 bedrooms has its own terrace.

The pool is surrounded by inviting terraces and at the rear there is a small tool shed. There is also a covered, shady carport. The garage is at ground level and large enough to convert into a guest apartment. The loft has already been fully-developed and with a little imagination could be made into the highlight of the house.

The spectacular sea views will surely make dreams come true.

Location & surrounding area:

The new urbanisation Bahia Grande is situated on the south coast and is a desirable residential area due to its tranquillity and close vicinity to Palma. The village of Llucmajor, the marina of Arenal and the two golf courses Son Antem I and II can be reached in 20 minutes by car. In this area the prices for properties are still moderate in comparison with other areas.
