Details:

This beautiful finca with renting licence stands on an approx. 15.200 sqm plot with lovely natural surroundings. It has its own water source and the finca, driveway and pool are fenced.

The Mallorcan-style house has typical high ceilings and its living space was expanded in 2005 to 275 sqm. Spread over 2 floors there are 6 bedrooms, 4 bathrooms with bathtub or walk-in shower, a reception and dining area, a separate kitchen and a living area. It has 2 separate entrances.

The ground floor, which currently consists of a double bedroom with en suite bathroom, could be made into a separate apartment with its own entrance. The kitchen has direct access to the terrace.

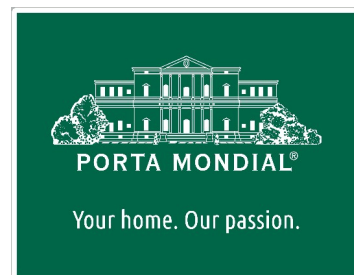

A saltwater pool with ample space for sun loungers and an outside shower invites to relax and enjoy.

Further features include oil-fired central heating, air conditioning, fireplace, SAT-TV and mains electricity.

The Palma railway nearby will be converted to electric power in August and will then be almost inaudible.
