Details:

This property consists of 2 connected buildings - the first is a traditional village house with ample charm which has 3 floors and an area of 198 sqm and which is in need of complete refurbishment. On the bottom floor is the entrance hall, 2 rooms and a garage, the first floor has a large open area and 2 more rooms, and on the upper floor houses a lovely roof terrace.

The second building was built during the 80's and has an area of 177 sqm. It was traditionally a commercial property and is currently used for storage. It is divided into 3 floors, each floor with approx. 68 sqm. The ground floor houses a large open area, a dressing room, a WC and a small patio, on the first floor there is a large open area and an independent room, and the second floor is simply a large room.

Each house has its own deeds and documentation so that the property can be separated into 2 independent houses.
