Details:

These 2 completely-renovated bungalows are beautifully situated on the 2nd sea line above Cala Santanyi, and have sea views from their roof terraces. Both are currently under complete renovation and refurbishment during which their typical Ibiza style will be retained. At present completion is foreseen for June 2021 in good time for the summer season.

Only few minutes away by foot is the spectacular rock formation of 'Es Pontas', and the wonderful fine-sandy beach of Cala Santanyi is only 2 minutes away and can be accessed via steps.

The plot of land is planted with large palm trees and other typical Mallorcan vegetation, and the properties are characterised by their intelligent floor plan and high-quality materials.

A highlight of each of the bungalows is a roof terrace with sea views, accessed by external stairs.

Houses 2 and 3 are offered for sale as one unit, and each one features high-quality PVC windows and doors with double glazing, central air conditioning, 2 fireplace connections in the living areas, laid-out garden share with irrigation, and 2 outside showers.
