### Details:

This minimalistic semi-detached house has recently undergone a complete general renovation. Using only the best quality materials and with an harmonious interior design it presents itself in as-new condition, a modern retreat in a traditional Mallorcan environment not far from the sea. Italian stoneware tiles, frosted glass doors and underfloor heating are just some of the equipment details.

A large living space underlines the open-living concept, and passionate hobby chefs can indulge their hobby in the functionally designed white Nolte kitchen, equipped with Siemens appliances. Meals can then be served in the garden, which is designed and arranged as a neat patio.

Upstairs are 2 bedrooms. In the master bedroom the bathroom is integrated and a WC is en suite.

There is under-floor heating with solar and heat pump and a garage for a motorcycle with 2 car parking spaces.

From the spacious roof terrace there is a panoramic view of the Bay of Palma from where the visiting cruise ships can be observed, and only a few minutes walk away is one of the most beautiful beachclubs of Mallorca with its rocky beach. Restaurants, cafes and shops are also just minutes away.
