Details:

This chalet, built in 1990, is located just 100 metres from the sea and offers huge usable space for water sports on the ground floor.

The living level is on the mezzanine floor and offers, according to the current floor plan, five bedrooms, a guest toilet, a complete bathroom, a separate kitchen, a living room and a laundry room with access to the attic storage, which also has the same floor space and can be converted for storage purposes.

On the ground floor there are 2 garages adjoining 2 large storage rooms. In addition, a kitchen, laundry room and bathroom have been added, so that a guest flat could be created here with little effort.

The possibilities of using this house are manifold and make it an interesting investment due to its proximity to the sea and one of the hottest investment hotspots in the north of Mallorca.
