Details:

This charming country house is ideally situated in quiet location only a few minutes drive from the motorway junction between Consell and Santa Maria. Its well-designed layout and established garden area provide ample privacy and possibilities to relax.

Situated on the first floor is the kitchen with storage room and living/dining room on one side, and the dining room with a further adjoining living room and 2 bedrooms and a bathroom on the other side.

In the external area large covered terraces provide ample shade at all times of the day, with an outside staircase leading to the upper floor. This level is separated from the rest of the house and holds 2 further bedrooms and a bathroom. The external staircase extends to a very functional roof terrace offering magnificent panoramic views over the vineyards as far as the Tramuntana and the Randa table mountain.

Next to the almost 40 sqm swimming pool with its large sun terrace there is a lovely BBQ house with summer kitchen and dining area, ideal for celebrations and diverse alternative uses, as well a further bathroom, and a garage with cellar room ideal for use as a wine cellar.

The finca has its own deep well and a water cistern with a capacity of 12,000 litres, mains electricity, a fireplace and hot/cold air conditioning. On the plot is an established tree population and many Mediterranean plants including oranges, lemons, palms, olive trees, carobs, banana plants, grapevines, cacti etc.

Truly a very interesting property with diverse possibilities and offered at a fair price, which now awaits its new owner!
