Details:

This imposing finca for first occupancy is located in the immediate vicinity of Santanyi and Ses Salines. The typical, partly newly built finca plot, which is accessed through an electric gate, borders a quiet side street. It is completely surrounded by natural stone walls and fences.

A path lined with cypress trees gives a view of the spacious building, which visually consists of 3 building tracts, whose exterior facades are harmoniously matched in color.

A monumental entrance area with a wooden gate invites you to enter this house. The bright reception hall impresses with its gallery, the many floor-to-ceiling double-wing patio doors and the very attractive natural stone flooring (Santanyi stone), with which the entire first floor is equipped.

In the west wing are the kitchen and the spacious bright dining room overlooking the pool area. From here you can access the terrace with access to the outdoor kitchen with stone oven. In the east wing is the living area with fireplace and library and a bedroom with bathroom en suite.

The second floor with wooden floorboards is reached via a stylish metal staircase. From the terrace at the level of the gallery you get a picturesque view over the finca area and the small village of Es Llombards. On this level there are also 4 more bedrooms, one of them with bathroom en suite, and 2 bathrooms with shower.

The basement, whose walls are partially covered with natural stone, offers a sauna, a wellness shower, a utility room and a bodega with natural stone vaults.

An open garage can accommodate 4 cars and has a technical room and a shower/washing area.
