## Details:

This luxurious new-build finca will be built on a plot of approx. 19,200 sqm near Felanitx. The exclusive project comprises a single-storey finca with pool, which is perfectly embedded in the Mediterranean landscape. Tranquillity and privacy are the top priorities. Great attention is paid to natural materials such as natural stone and wood in order to maintain the traditional character. Modern elements create a harmonious interplay. High-quality materials ensure luxury and comfort. The special thing is that you can reach the delightful natural harbor of Portocolom, its turquoise-blue bays and exclusive restaurants in about 10 minutes.

The ground-floor finca is characterized by its spacious and light-flooded rooms. A fireplace in the living area creates a special ambience and ensures pleasant temperatures even on cooler days. High ceilings with wooden beams create an airy feeling of space. The kitchen is fully equipped and custom-made. From the dining area you have direct access to the terrace with adjoining barbecue area. The finca will have 5 bedrooms, 4 of which will have en-suite bathrooms. The master bedroom will also have a walk-in dressing area and private access to the Mediterranean garden.

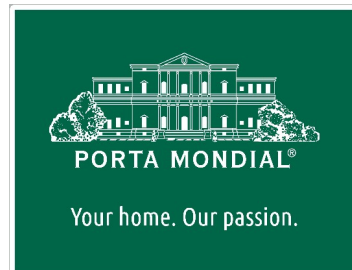

Many old Mediterranean trees already adorn the property. The approx. 3.55 x 9 m pool is located directly adjacent to the inviting sun terrace. Another highlight is the sauna in the outdoor area, which invites you to relax.

Further features of the finca include an alarm system, air conditioning and underfloor heating. The finca is self-sufficiently supplied by its own well and a solar system.
