Details:

This secluded Finca property is built on a hillside plot of approx. 50,000 sqm and has outstanding panoramic views over the centre of the island.

The property was built in 2008 to the highest standards of comfort and incorporating the latest technology, all combined with Mediterranean flair. The living area of approx. 520 sqm is distributed over 2 floors and includes several spacious, open and very bright living and sleeping areas. The large entrance hall leads to the bedrooms and en suite bathrooms. An open staircase leads to the grand living area with high ceilings, a dining area and a kitchen equipped to a very high standard, as well as to another separate bedroom with dressing room and en suite bathroom.

On the outside area surrounding the house are several Mediterranean terraces and the 24 metre-long pool. The irrigation for the entire garden area is provided by an automatic watering system.

Further highlights of this impressive property include oil fired central heating, air conditioning hot/cold, double glazed windows, natural stone floors, natural stone bathrooms, its own water source, mains electricity, telephone connection and the separate guest house of approx. 200 sqm.
