Details:

This exclusive newly built semi-detached house is located in a quiet residential area in Portocolom. A total of 8 semi-detached houses have been built. The houses were built offset to create as much privacy as possible between the semi-detached houses. The slightly elevated location, which borders a green zone, offers a fantastic view from the roof terrace on the second floor of the idyllic bay of Portocolom.

On the first floor is the bright living level with direct access to the garden, consisting of a living and dining area, open kitchen and a guest WC. On the 2 upper floors there are 5 bedrooms and 4 bathrooms, 3 of which are en suite. The roof terrace offers enough space for a pool, a lounge area and an outdoor kitchen with a spacious dining area. Thanks to the south-west orientation, you can enjoy long sunbaths and picturesque sunsets.

The combination of high-quality materials and typical island elements characterizes this house and panoramic windows flood the rooms with natural light. A holistically thought-out concept that adapts to your wishes.

Additional features include air conditioning and underfloor heating.

Various dream beaches and restaurants can be reached on foot in just a few minutes.
