Details:

This unique terraced house combines the charm of Mediterranean architecture with modern comfort and an incomparable location right by the sea. On approx. 211 sqm of living space, spread over 2 floors, you will experience a home that harmoniously combines elegance, light flooding and high-quality furnishings.

Originally built in 1991, the house was extensively modernized in 2019. The 5 bedrooms were converted into 4 spacious, bright retreats, each with its own stylishly designed bathroom. The open-plan design, high-quality materials and clean lines create a sophisticated ambience - ideal for discerning owners who appreciate peace, comfort and proximity to the sea.

From the living area and one of the master bedrooms, you can enjoy direct, uninterrupted views of the deep blue Mediterranean - a daily highlight that underlines the Mediterranean lifestyle. Generous windows let daylight into every room and create a friendly, inviting atmosphere.

The well-kept, Mediterranean-style communal grounds with pool invite you to spend relaxing hours. In addition, a private garage with two parking spaces offers comfort and security. The plot covers approx. 180 sqm.

This property is a dream for anyone who wants to combine exclusive living by the sea with style and modernity.
