### Details:

This Mediterranean finca impresses with a generous swimming pool, a beautifully maintained Mediterranean garden and a plot of approximately 7,000 sqm in an absolutely quiet location. Privacy, space and versatile outdoor areas define the ambiance and make this property a truly special retreat.

Upon entering, the impressive entrance hall with its high ceiling immediately conveys architectural openness and presence. Terracotta floors, dark wooden beams and natural stone accents highlight the traditional character and create a warm, timeless atmosphere.

On the ground floor there are 3 bedrooms, each with its own en suite bathroom. All rooms offer direct access to the garden, enhancing the seamless flow between indoor and outdoor living. The spacious separate kitchen is complemented by an independent dining room, ideal for both everyday living and social gatherings.

The upper floor is designed as a private retreat and accommodates the master bedroom with en suite bathroom and dressing room, as well as an additional room with access to a terrace of approximately 30 sqm.

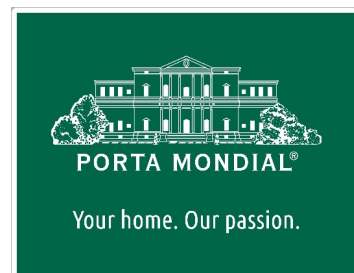

The bright living area with classic fireplace opens onto the covered terrace, further strengthening the connection between interior and exterior spaces.

A private tennis or sports court, a garage for up to 5 vehicles, a utility room and several storage rooms in the basement complete the property.

Year-round comfort is ensured by air conditioning and oil-fired central heating throughout the house, complemented by the fireplace.
