Details:

Located in the upper part of Bunyola, this village house was renovated while preserving the character of the original structure, combining the comfort of a modern home with the atmosphere of a traditional Mallorcan house. Functional and cozy for everyday living, with well-designed spaces and a stunning outdoor area featuring a pool and panoramic views of the town and the Serra de Tramuntana.

Our Experience

- The views from the terrace are one of the highlights of a visit in person.
- Although the house is in the town center, you'll be surprised by how peaceful and quiet it is.
- A room adjacent to the kitchen provides a very practical space for various uses, whether as an office, storage area, or for storing bicycles.
- The final stretch to the house is on foot via several flights of stairs. Be sure to check that this type of access suits your needs before scheduling a visit.

Location & surrounding area:

This lovely and picturesque village is situated at an altitude of 430 m in the Tramuntana mountains. The high valley has been a popular settlement area since prehistoric times. The Romans and Moores left their traces here. The most popular building is certainly the monastery "Cartuja de Jesús Nazareno", in which Frederic Chopin and George Sand passed their famous winter months. The saint of the Island Santa Catalina Thómas was born here, and Archduke Luis Salvator of Austria, famous visitor of the Balearic Islands, constructed his beautiful residence Miramar in the surrounding area.
