Nestling in the highest part of the impressive Roque del Conde area, its modern avant-garde architecture is surrounded by a breathtaking natural landscape, with a design-concept enabling the amazing panoramic ocean views to be fully appreciated. Behind the house the famous Roque del Conde awaits with wonderful mountain scenery imparting a sense of peace and seclusion, although the lively beach and facilities are only minutes away.

Standing on a plot of almost 1,400 sqm, the villa has a constructed area of 462.92 sqm including a spacious living/dining area of almost 100 sqm merged into a single comfortable and pleasant living space designed with an organic concept. There are also 3 spacious bedrooms and 2 bathrooms, and a separate multi-functional room of approx. 114 sqm, with a private pool and beautiful gardens blending in perfectly with the surrounding nature.

The property is part of the private urbanisation 'Villa 16' which consists of only 16 villas on plots varying from 1,000 sqm to 1,500 sqm, with security assured by an exclusive and private access. It is offered for sale unfurnished.

The developer, Andreas & Partner, is known for its new innovative and exclusive construction projects. Each project evolves with great attention being paid to detail, and taking into account the geographical characteristics of the surrounding area. A team of local and international architects and construction specialists has made this particular villa very interesting with a modern design combining a southern-European style with northern-European standards of quality.
