Location & surrounding area:

Los Realejos is bordered to the west of Puerto de la Cruz. The community stretches from the Atlantic Ocean up to the slopes. A pristine cliff has five beach bays, from west to east these are Los Roques (among other things, a natural rock bridge in the sea), La Fajana, Castro, El Socorro and La Grimona. In particular, the beach of El Socorro is used by both locals and tourists with good grace, for bathing or even especially for surfing.

The best locations for villas and chalets can be found firstly in Rambla del Mar and in the settlements Romantica I and II, between load paths in the Protegido Paisaje de la Rambla de Castro directly at the cliffs to explore the virtually picturesque and historically dominated landscape that goes back to one of the first great mansions of Tenerife. This is one of several protected natural areas, which Los Realejos has preserved to this day.
