Location & surrounding area:

El Verger has a good infrastructure. Doctors, shops, restaurants, bus connections and the well-known Sunday market are in the immediate proximity.

From the house to the sea is about 500 m. A large shopping center in Ondara is about 7 km away. Denia may be reached in about 10 km.

Dénia, a city located between Alicante and Valencia in the north of the Costa Blanca and on the east coast of Spain, is a very popular holiday destination and is characterized by a good infrastructure.

The about 20 km long sandy beach, which merges into the rocky coast at the height of the district Las Rotas, as well as the nature reserve Montgó, which is suitable for hikers, are landmarks of the city. The worth seeing neighboring town of Javea, which offers a view of Ibiza in clear weather conditions, is another highlight of Denia.
