Details:

This very beautiful building plot offers wonderful views as far as the Tramuntana mountains. It is centrally situated and only a short distance from the main road which connects with Palma and the coast, and is particularly characterised by its quietness and idyllic countryside surroundings.

There is already permission to build a well, and power could be optimally supplied by a photovoltaic system.

An expired building project also exists which would need only to be updated making the plot prime for construction.

A perfect piece of land to realise your dreams and to enjoy Mallorca's tranquillity.

The village of Porreres is centrally located, the airport is only 20 minutes away and the coast is 15 minutes away by car.
