### Details:

This almost 14.500 sqm building plot is situated just outside Sant Joan in the direction of Petra. It is very quietly located and offers beautiful sweeping views.

It has very good connections beginning at a little-used country road and leading over a 20 metre-wide segment of the land to connect with an even more attractive, somewhat elevated part of the plot which looks over the surrounding countryside. This part of the plot is almost square and presents the ideal place for a house, pool and lovely gardens.

The basic project foresees a 2-storey house with a living space of 265,11 sqm, and an 18 sqm pool, and has already been approved.
