Exceptional Finca Plot Near Santanyí with Panoramic Views

This unique plot of approximately 280,000 sqm is located just one kilometre from Santanyí and offers an outstanding combination of size, privacy, and prime location.

Thanks to the varied levels of the land, the property enjoys beautiful panoramic views across the surrounding Mallorcan countryside. Construction is possible in accordance with current building regulations. At present, there is no existing project or building licence, allowing you the freedom to design and build your dream finca entirely to your own specifications.

A small casita is already situated on the property, providing an ideal weekend retreat or peaceful hideaway surrounded by nature. Water and electricity connections are in place, offering a solid foundation for future development.

The location is highly attractive: the charming town of Santanyí, the natural beach of Es Trenc, as well as Ses Salines and Campos, can all be reached within a few minutes by car.

We would be pleased to assist you with the selection of an architect and to support you throughout the realisation of your individual finca project.
